

Dear Students and Parents of Terra Nova High School,

Terra Nova High School has partnered with Grockit to bring you SAT courses this spring! Grockit offers online social learning games that are a fun way to study for the SAT. Students practice questions in a virtual study group format that includes multi-player game dynamics. The games encourage instructor led and peer-to-peer learning which creates a social community amongst students. Not only is Grockit a fun way to prepare for the SAT, but Grockit works.

Grockit will be holding courses leading up to the May 1<sup>st</sup> 2010 SAT. Typically courses are \$299 per student; however, **Grockit is offering their course for \$100.00 to students who sign up by March 15th. Please call 415-595-3321 to enroll.**

Course Description:

The Complete SAT course introduces students to the basics of the SAT's three sections: Critical Reading, Writing and Mathematics. Four hours are dedicated to each section for a total of twelve hours. Critical Reading lessons tackle a comprehensive set of strategies for passage-based reading, and identify vocabulary tactics for sentence completion questions. The four Writing lessons focus primarily on mastering topics English grammar, and dedicate 1.5 hours to the essay portion of the exam. Mathematics classes provide an overview of the section and detailed testing strategies for the four major topics tested on the SAT: Numbers and Operations, Algebra and Functions, Geometry and Measurement, and Data Analysis and Probability.

Grockit also offers one-on-one and small group online test prep with professional tutors who scored over the 95<sup>th</sup> percentile on the SAT and/or ACT. Just go to the web site [www.grockit.com](http://www.grockit.com) and create a free account. You may play individual and group SAT games online for no cost. If you feel you need extra help you may then select a tutor based on their bios, score reports, and testimonials.

Sincerely,

Makenzie Darling  
Grockit
